Sacred Stories of the Catholic Tradition

Our Bible is full of heroes and incredible characters. But the glory didn't stop then. In the past two thousand years, men and women around the world have continued to show us what it means to live lives of heroism, joy, and faithfulness. These are the sacred stories of our tradition.

PRAY AND CREATE

Pray and Create is for Catholic teachers (Primary and Secondary) to have a retreat day and a resource sharing/creating day. Come for any/both days or any part of a day. The Prayer Day is a chance to be renewed in the Lord. We will have time to just be recharged in prayer; sharing how to grow in our relationship with the Lord and time discerning how we can grow spiritually. The Create Day is really a collaborative creative day where we are free to work on any projects we like. You might already have a project that you need help with or you might want to work on something together that we choose on the day or anything in between. We'll just get together, pray, discuss and see what happens.
